ART SHORT LIST

ALEXANDER BRODSKY

Look down the open stairwell into the basement space in front of the Ronald Feldman gallery. You'll see *Visible Parts* by Brodsky (formerly half of the Russian "paper architect" team, Brodsky and Utkin). I won't spoil the surprise, but the large plaster sculpture half-buried in sand might make you think of Ozymandias, Big Brother, or Van Gogh. Through July 12, Ronald Feldman Fine Arts, 31 Mercer Street, 226-3232. (Levin)
