Resurrectine

Terry Fox, Resurrectine, 2007

The Junky Styling Wardrobe Surgery is an extension of Resurrectine, a fantastic exhibition at the Ronald Feldman Gallery. I spent a good hour again yesterday checking it out. The exhibition has been extended by a month to July 23 so do see it. I don't have images for two of my favourite works but I'm going back on Saturday to say goodbye to Annika and Kerry so will get photos of them then. In the meanwhile, I adore the things I've included here.

Rico Gatson, Angela, 2007
